

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT  
PERMIT APPLICATION PUBLIC NOTICE**

**September 7, 2007**

**Permit Number:** OCRM-07-243-B  
**Permit ID:** 55509

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** Claude W. Blanchard, Jr.  
C/O McNair Law Firm, P.A.  
100 Calhoun Street, Suite 400  
Charleston, SC 29401

**LOCATION:** On and adjacent to a tributary of Penny's Creek at the intersection of Fenwick Plantation Road and St. Pauls Parish Lane in Fenwick Plantation, Johns Island, Charleston County, South Carolina. TMS#: 346-00-00-005.

**WORK:** The work as proposed and shown on the attached plans consists of constructing 33' wide by 570' long vehicular bridge across a tributary of Penny's Creek. The purpose of the proposed work is to provide vehicular access to upland areas under single ownership where access to public roadways is otherwise unfeasible.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

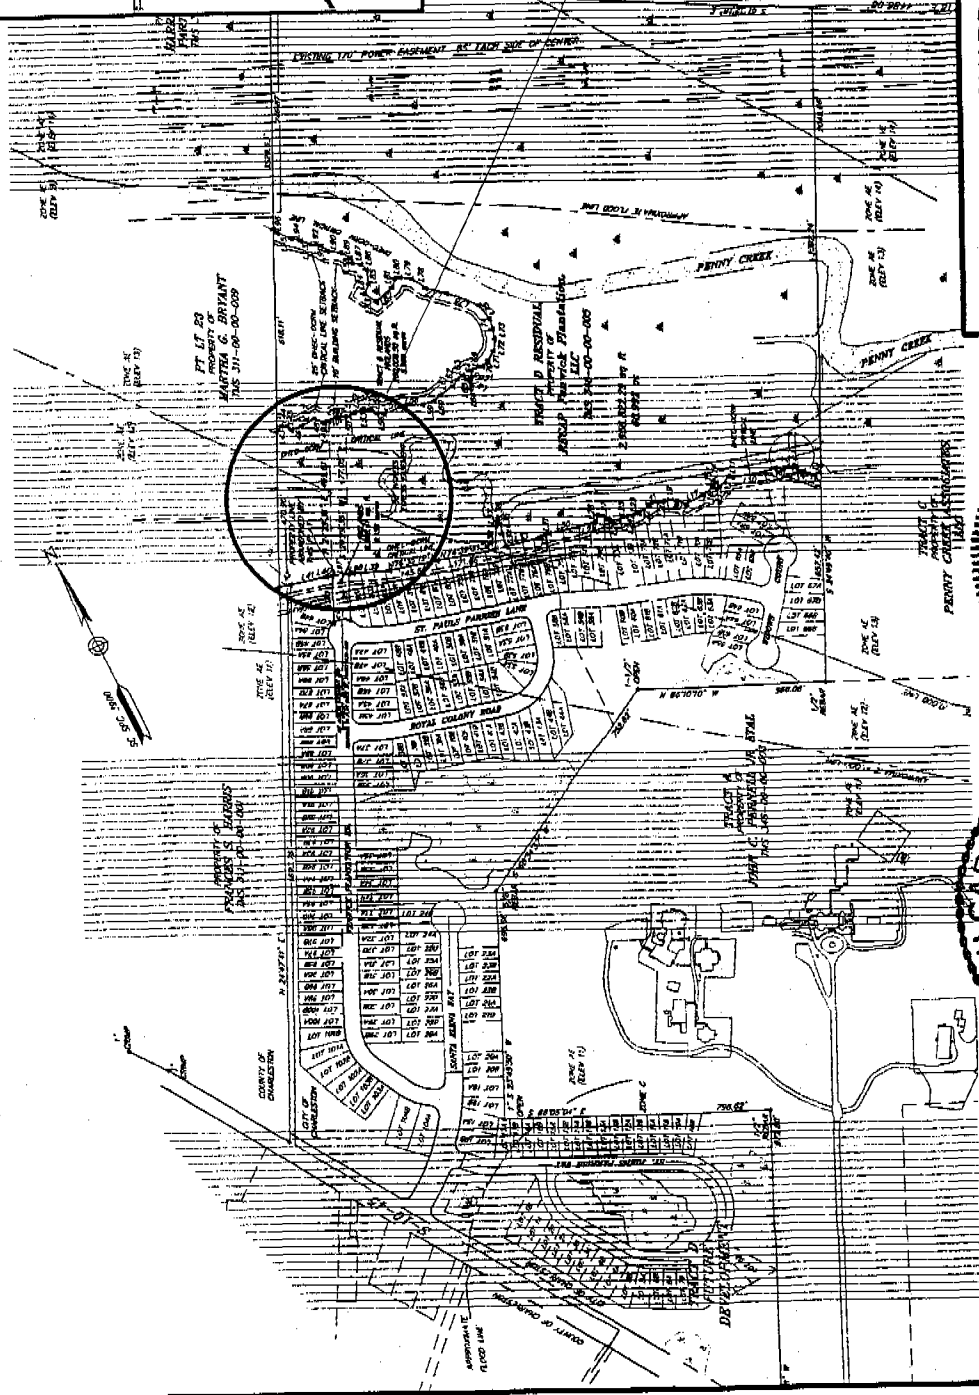

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before October 7, 2007. For further information please contact the project manager for this activity, Steven Brooks at (843) 953-0235.*
